Strictly follow to ISO9001 management system

R & D

Strong R&D capability with continuous innovation

OEM

Reliable OEM Supplier

ZHONGSHAN FANTASY APPLIANCE CO.,LTD.

Establishment & Positioning: Founded in 2013, we are a professional manufacturer focusing on the full industrial chain of ceiling fans, covering R&D, production, sales, and after-sales service. We are located in Zhongshan City, known as "China's Lighting Capital".

Production Strength: Boasting a 25,000 -square-meter production base and over 120 professional staff, we are equipped with advanced production and testing equipment such as AC transformers and dynamic balancing machines. We have obtained international certifications including CE, CB, ROHS, and 3C, ensuring stable production capacity and product quality.

Core Operations: With quality and customer satisfaction at the core, we strictly control quality throughout the production process and provide customized services. We support OEM/ODM orders and can tailor solutions based on specific needs.

Market Performance: Our products maintain steady sales on major domestic e-commerce platforms and are exported to many countries and regions worldwide, winning recognition from global customers for their reliability and design.

Philosophy & Goals: Adhering to the core values of "Innovation, Integrity, Efficiency, and Development", we focus on the aesthetics and durability of products, and drive continuous innovation in technology and design. We aim to become an industry benchmark in ceiling fan manufacturing, actively seek win-win cooperation with new partners, and sincerely welcome customers to visit our factory.
